

## TECHNICAL DATA

Product type	Jack 3.5mm
Product NO.	ST231L

### ST231L Product Appearance

### Product features

- Metal Shell - Strong and Reliable
- Excellent cable protection with splint
- Slim Design - Save Space

## Technical parameters

### 1. Electrical parameters

Rated voltage	< 50V
Contact resistance	depends on mating connector
Dielectric strength	1000V DC
Insulation resistance	> 2G $\Omega$

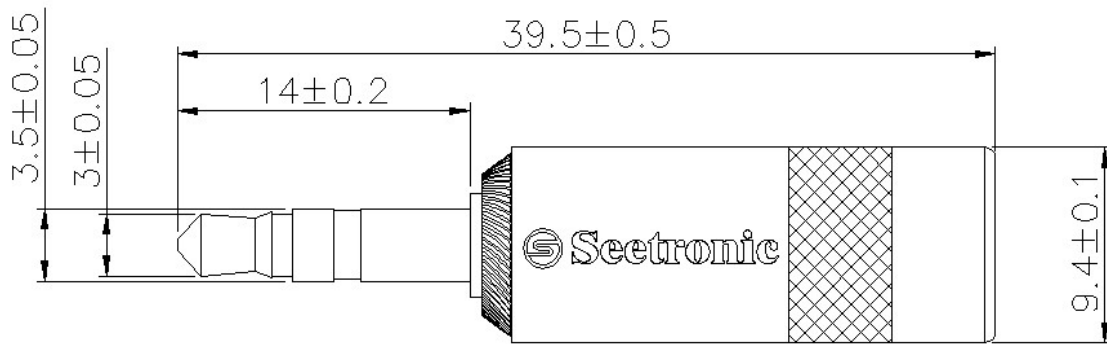

### 2. Mechanical parameters

Service life	> 1000
Cable	2-6mm

### 3. Material and environmental parameters

Shell	Metal
Drive pipe	PVC
Contacts	Brass
Contact surface	Ni
Inner core	Polyamide
Shell Electroplating	Ni
Temperature range	-20°C to +65°C

## Product Profile

mm

## Installation instructions
